Commissionaires BC Goes Live With InTime To Enhance Security Customer Service

BURNABY, BC, CANADA, November 27, 2006 – Commissionaires BC, British Columbia’s largest security organization with 78 years of experience and a workforce of over 1500 has gone live with InTime’s Enterprise Scheduling Engine.

“Our business depends on delivering complete security solutions that integrate highly trained experienced personnel and advanced technology with cost-effective delivery,” said Al Batchelar, President and Chief Executive Officer at Commissionaires BC. “We evaluated several workforce solutions but InTime offered the best functionality, lowest risk and best value to achieve our goals. We were also impressed by the team’s experience and responsive approach.”

Peter Clarkson the Response Centre Controller at Commissionaires BC commented, “This system saves valuable time and reduces the chance of error significantly.”

“This installation is yet another opportunity to use our expertise in deploying solutions to the Specialized Security market. Undoubtedly, our product’s support for industry best practices has enabled a successful and accelerated implementation.” commented Harry Dollard, InTime’s President.

About Commissionaires BC

Commissionaires BC is one of 17 divisions located across Canada that form Commissionaires Canada, the largest, best-trained and most experienced security services provider in Canada today. Our 20,000 employees, predominately former military and RCMP personnel, serve local and national clients located coast to coast. For more information visit the Commissionaires BC web site at: <http://www.commissionaires.bc.ca/> .

About InTime Solutions Inc.

Founded in 1996, InTime Solutions is a scheduling product leader in the public safety marketplace. We develop software and service solutions to more efficiently manage the allocation and deployment of your workforce. Our clients rely on us to improve utilization of personnel and to integrate the associated information with other systems within their organization.
